

# QI Post Express Service International Rates

Import/Export Rates for Japan

June 2019

## QI Post Express Service – Japan

QI Post offers time definite and secure door-to-door delivery of goods and documents to and from most countries and territories. Whether you need your shipments delivered at the middle or end of a business day, our services offer full tracking and visibility so you always know where your shipments are.

*QI Express* offers a delivery service around the world for pieces up to 70kg, pallets up to 300kg, and shipments up to 1000kg. We deliver reliably and quickly to most of global destinations. Note that for this service, the maximum piece dimensions are L=120cm × W=80cm × H=80cm and the maximum pallet dimensions are L=120cm × W=120cm × H=160cm.

### Conditions:

- The number of delivery attempts are two and after that the shipment is returned to the shipper.
- A shipment is deemed unacceptable if its packaging is absent or inadequate, or if transporting the shipment would present risks of damaging equipment, other packages or injuring personnel. QI Post reserves the right to either not accept or return the shipment to the shipper.

### Chargeable weight:

There are two different weights that affect the price: gross weight and volumetric weight. The gross weight is the actual weight that you measure by weighing your package on scale. The volumetric weight is simply the multiplication of all dimensions (length, height, width) of your package in centimeters divided by 5000. According to the airline standards, the chargeable weight of a package is the greater of each of the values whether it is the gross weight or the volumetric weight. So, you need to weigh your package and also to measure its dimensions in order to calculate both gross and volumetric weights and see what will be the chargeable weight.

### Calculate the shipping price:

1. Weigh your package and measure its dimensions to find the chargeable weight.
2. Determine the rating zone of the origin or destination from the tables in pages 3 and 4.
3. Find the rate from tables in pages 5 and 6 using the rating zone and the chargeable weight of your shipment.
4. Add all applicable surcharges and optional service fees from page 6 to get the final price.

- **ZN:** Zone
- **TT:** Transit Time
- Transit times are given based on working days for both export and import services. Day of pickup is counted as “day 0”.
- Transit times are indicative. The final transit time may differ based on the actual pick up time, service requested, characteristics of the shipment tendered, and regulatory clearance requirements. QI Post has no liability or responsibility for differences between the indicative and the actual transit time.
- Some QI Post service areas may require morning pick up in order to meet the next available flight.

## QI Post Express Import/Export Rates (USD) – Japan

For each additional 1kg

| From | To     | Zone 1 | Zone 2 | Zone 3 | Zone 4 | Zone 5 | Zone 6 | Zone 7 | Zone 8 |
|------|--------|--------|--------|--------|--------|--------|--------|--------|--------|
| 30.1 | 1000.0 | 15.25  | 15.66  | 16.36  | 15.35  | 18.12  | 19.35  | 21.62  | 27.77  |

- All rates stated here are in USD.
- Customs duties, taxes, clearance-related charges, VAT, fuel surcharge, and all other surcharges are not included in the tariffs.
- The rates are charged according to the greater of the gross weight and the volumetric weight (L × W × H cm / 5000).
- QI Post reserves the right to revise the rates at any time upon prior written notice to the customer.

## QI Post Express Surcharges and Optional Services

| Surcharge/Service                  | Description  | Fee                                       |
|------------------------------------|--|---|
| <b>Weekend delivery/collection</b> | For time-critical shipments QI Post offers weekend delivery and collection in some nominated locations.  | Varies based on the location.             |
| <b>Insurance</b>                   | Providing a comprehensive protection for valuable shipments  | 3% of declared value                      |
| <b>Extended liability</b>          | Providing coverage and compensation in the case of loss or damage of valuable documents such as passports, visa applications or regulatory certificates. | 10 USD                                    |
| <b>Fuel Surcharge</b>              | This variable surcharge is applied to the chargeable weight of each shipment. The charge is calibrated every month to the oil price.                     | Monthly Variable<br><b>June 2019: 15%</b> |
| <b>Oversize piece</b>              | This surcharge is applied to every piece, including a pallet, that exceeds the gross weight of 70kg or with a single dimension in excess of 120cm.       | 100 USD                                   |
| <b>Non-stackable Pallet</b>        | This surcharge is applied to every pallet that cannot be stacked.  | 200 USD                                   |
| <b>Address correction</b>          | It is applied in case of an incorrect pickup/delivery address.   | 15 USD                                    |
| <b>Lithium Batteries</b>           | Lithium Batteries Section I  | 35 USD                                    |
|                                    | Lithium Batteries Section II (PI965, PI966, PI969)   | 130 USD                                   |
